Professional Profile

Dr Elham Ghafouri-Shiraz, also known as Dr Elle Shiraz to her patients, graduated as a doctor from the University of Birmingham in 2008 and entered General Practice in 2013. She was a GP Partner for 7 years at a surgery in Tunbridge Wells before becoming a Locum GP.

She is a dedicated and compassionate GP with a unique focus on longevity and preventative medicine. She has a wide range of experience in general medicine, dermatology, women's health and men's health. A particular strength of her consulting style is that she is empathetic, putting patients quickly at ease; patient centered, holistic, and far as possible, evidence based.

Outside of General Practice, Dr Shiraz continues her passion for wellness by incorporating weight training, Pilates and long walks into her daily routine.
