

# Dr Idris Harding

MBBS BSc(Hons) PGCHBE PhD AICSM MRCP FHEA

## Scans, tests, services & treatments available

- Ablation
- Pacemaker
- External cardioversion
- Electrophysiology study
- Cardiology

## NHS Practices

East Kent Hospitals, Kings College Hospitals

## Professional Profile

Dr Harding graduated from Imperial College London in 2004. He won prizes as a junior doctor and undertook cardiology specialist training at prestigious London hospitals, working with world-recognised experts.

Dr Harding has a PhD from University College London and has published widely on arrhythmia, diabetic heart disease and remote arrhythmia monitoring.

He has further training in advanced cardiac ablation, cardiac device management and inherited cardiac arrhythmias including at Brigham and Women's Hospital, Boston, MA.

Dr Harding sees patients with a wide range of cardiac conditions at locations across Kent and South London. His particular expertise is palpitations, atrial fibrillation, arrhythmias, fainting and pacemakers.

You can find out more about Dr Harding on his website at <https://www.kentlondoncardio.com>

## Special Interests

Cardiac Electrophysiology, Arrhythmia and Devices
