

Dr Iheoma Amaechi

MB BS MRCP FRCR

Professional Profile

Dr Amaechi was appointed to a substantive Consultant Radiologist post at Medway Maritime Hospital NHS Foundation Trust in 2010 following general radiology and sub-specialist interventional radiology training at King's College Hospital, London.

As well as general radiological reporting, her sub-specialty interests are in interventional radiology and gynaecological imaging. She performs a wide range of vascular and non vascular interventional procedures both in elective and emergency settings as well as reporting specialist oncological and benign gynaecological imaging.

Since her appointment at Medway, she has set up invaluable uterine fibroid embolization and obstetric internal iliac artery balloon occlusion services.

Special Interests

Interventional radiology, Gynaecological imaging
