Professional Profile

Dr. Jun Cheong is a strong believer in “prevention is better than cure” by promoting health screening and disease prevention. He is detailed-orientated and practices holistic treatment for his patients, considering every individual's needs before formulating a shared decision care plan.

Dr. Jun Cheong completed his medical training and graduated with Bachelor of Medicine and Bachelor of Surgery (MBChB) from Edinburgh University in 2004.

He has successfully achieved full accreditation in performing cardiovascular CT, echocardiography, and Cardiac MRI with:-

- British Society of Cardiovascular Imaging / British Society of Cardiovascular Computed Tomography - the United Kingdom
- Society of Cardiovascular Magnetic Resonance - the USA
- European Association of Cardiovascular Imaging - Europe.

Special Interests
