Darent Valley Hospital, Dartford Kent

Professional Profile

Dr Winston Martin qualified in 1990 from University College and Middlesex Hospital School of Medicine, London with cardiology specialist training in Leicester. He completed his sub-speciality training in interventional cardiology at the University Hospital of Geneva, Switzerland.

Dr Martin was appointed as Lead Cardiology Consultant in 2003 at Dartford and Gravesham NHS Trust and Honorary Consultant at Guy's and St Thomas' Hospital. He has an established reputation for providing high quality, holistic, patient-centred care with particular focus on difficult-to-treat hypertension, cardiovascular risk reduction and angina.

He is a respected clinical director with expertise in patient safety and developing both cardiac and emergency medicine services.

Special Interests

Hypertension & CV risk reduction, Coronary disease
