Professional Profile

Miss Delilah Hassanally completed her undergraduate medical training in 1993 from St George's Hospital, London. She undertook her surgical training in the North East Thames region.

Miss Hassanally has a specialist interest in breast cancer and as such she obtained her experience in the treatment of breast disease from the Royal Marsden and Royal Surrey County Hospitals. To further her knowledge she attended the European Institute of Oncology in Milan, Italy to develop her skill of breast reconstruction.

Special Interests

Breast cancer surgery, General surgery
