Professional Profile

Miss Selim is a consultant Gynaecologist at EKHUFT. She completed advanced training skills module in open and Laparoscopic benign gynaecology surgery. She completed Postgraduate Certificate in Specialist Gynaecologic Ultrasound Practice at Kings College London.

Her areas of interest include the diagnosis and management of menstrual disorders, polycystic ovary syndrome (PCOS), fibroids and other benign gynaecological conditions such as perimenopausal issues and pelvic pain. Additionally, she provides outpatient gynaecology ultrasound imaging as part of her consultation.
