Professional Profile

Mr Anoop Anugraha is an experienced orthopaedic and trauma surgeon with subspecialty interest in foot and ankle surgery.

He graduated as a doctor in 1998 and completed specialist training in trauma and orthopaedics in 2005. He completed his FRCS in trauma and orthopaedics in 2015 and European trauma and orthopaedics exams in 2015. He is on the GMC specialist register for trauma and orthopaedics .

Mr Anugraha is a triple fellowship trained foot and ankle surgeon. He has completed the Manchester University Hospital foot and ankle fellowship, foot and ankle and diabetic foot fellowship at Kings College Hospital, Post CCT foot and ankle fellowship at Stockport Hospital. He has also completed a knee surgery fellowship at Kings College Hospital. He has worked in various roles in the NHS since 2009.

He has published and presented internationally and has a strong interest in teaching and training. His specialisms include the conservative and surgical management of all range of foot and ankle conditions and sports injuries, including complex bunion surgery, foot and ankle arthritis - fusion and replacement surgery, achilles tendon rupture and disorders, heel pain - plantar fasciitis, adult flat foot / high arched foot treatment, arthroscopic surgery (keyhole surgery) for cartilage defects in foot and ankle, toenail surgery and all aspects of sports injuries in the foot and ankle.

Mr Anugraha is available to see self-pay, insured and NHS patients.

Mr Anugraha is fully recognised by the following insurance companies:

Aetna Global, Benefits, Alliance Health Corporate, Aviva, AXA Health, Bupa, VitaHealth, WPA, Bupa Global, Exeter Family Friendly (covered by AXA), Cigna Healthcare & Simply Health.
