Professional Profile

Mr Branimir Penev is a Consultant Urological Surgeon specialising in Endourology and Laser treatments for diseases related to the prostate and kidney stones. He has extensive experience in General Urology.

Mr Penev completed his surgical and urology training both in Europe and in the UK. He holds fellowships from the Royal College of Surgeons of England, the European Board of Urology, and the National Board of Urology. Additionally, he is a member of the British Association of Urological Surgeons, the European Association of Urology, the Société Internationale d'Urologie, and the American Urology Association.

Throughout his career, Mr Penev has developed a subspecialty in Andrology and the management of urinary incontinence. He has performed over a thousand laser prostate surgeries (HoLEP). A dedicated researcher, he has numerous publications in Endourology and is frequently invited as a presenter and faculty member at national and international meetings. He also serves as a trainer and examiner for junior doctors.

Mr Penev is able to see patients for:
