NHS Practices

Maidstone & Tunbridge Wells NHS Trust

Professional Profile

Craig graduated from University of Southampton Medical School in 2011 and completed his basic surgical training in London. He undertook his specialist orthopaedic surgical training in the Kent, Surrey, Sussex Deanery.

He gained international experience in knee reconstruction working in Sydney, Australia, where he specialised in cutting edge technologies of knee replacement surgery, including robotics and personalised knee alignment. He has undertaken fellowships in ACL surgery, meniscal surgery and alignment correction. He has presented and published numerous research projects and is actively involved in orthopaedic education.

Craig works as a Consultant Trauma & Orthopaedic Surgeon at Maidstone & Tunbridge Wells NHS Trust and specialises in knee surgery. His specialist interests include ACL reconstruction, knee arthroscopy, meniscal surgery and knee replacement surgery. He strives to provide high quality and personalised care for his patients.

Special Interests

Sports injuries, Surgery for arthritis
