NHS Practices

Dartford and Gravesham NHS Trust

Professional Profile

Mr Bakti qualified in 2008 from the Guys', Kings' and St Thomas' Medical School. He continued to further his surgical training in Oxford and in the Kent region and obtained a Masters in Orthopaedics from University of Sussex. In 2019, he undertook his fellowship in Perth, Western Australia where he learnt key skills in shoulder and sports orthopaedic surgery.

Mr Bakti's interests revolve around using upcoming technology for surgeons to provide reproducible excellent results for patient outcomes.

He is a NHS Consultant at the busy Dartford and Gravesham. He is also a Lecturer at Canterbury Christ Church University.

Special Interests

- Fixation of traumatic clavicle and shoulder injuries
- Fixation of traumatic elbow injuries

- Arthroscopic shoulder procedures (diagnostics, impingement, rotator cuff repair, frozen shoulder, ACJ arthritis)
- GPS navigated shoulder replacements
