

Mr Ravi Singh

MBBS(Lon), MRCS(Eng), FRCS (Tr&Orth)

NHS Practices

Darent Valley Hospital

Professional Profile

Mr Ravi Singh is an experienced Consultant Orthopaedic & Trauma Surgeon with a practice dealing exclusively with Shoulder & Upper Limb disorders including sports related injuries.

He is trained in the latest techniques in Upper Limb disorders including Arthroscopic (keyhole) stabilisation for recurrent shoulder dislocations & rotator cuff repairs. He also provides treatment for Dupuytren's contracture, elbow & wrist tendonitis, nerve compressions (e.g. carpal tunnel syndrome), ganglions and trigger fingers.

Ravi is an accredited appraiser and regularly undertakes annual reviews of his colleagues' practice.

He is a member of the British Shoulder & Elbow Society and the British Orthopaedic Association.
